<sup>2</sup> A “copy” is either a single-sided copy, or one side of a double-sided copy, on 8.5”x11” or 8.5”x14” paper. Note that a requester may ask for black and white copies even if the original is in color and color copies are available.

<sup>3</sup> Including, but not necessarily limited to, non-standard sized documents and blueprints.

<sup>4</sup> If a requester asks to receive records which require redactions in electronic format and the agency is unable to securely redact the records by electronic means, an agency may print the records to provide for secure redaction, then scan them in for delivery by email. Accordingly, the agency may charge the fees noted above for either B&W or color copies, as appropriate.

<sup>5</sup> If an agency must print records to send them by facsimile, the agency may charge the fees noted above for B&W copies.

<sup>6</sup> If a requester seeks records requiring redaction and the agency is unable to securely redact the records by electronic means, an agency may copy or print the records to provide for secure redaction. AP 2015-1021, 2015 PA O.O.R.D. LEXIS 1176*. Accordingly, the agency may charge the fees noted above for either B&W or color copies, as appropriate.

<sup>9</sup> Under the RTKL, an agency may impose “reasonable fees for official certification of copies if the certification is at the behest of the requester and for the purpose of legally verifying the public record.” The OOR recommends no more than \$5 per record to certify a public record. Certification fees do not include notarization fees.
